

Glosten

Glosten (equal opportunity employer) is seeking an entry-level engineer to join our growing marine and electrical engineering practice group. Glosten is a respected leader in providing engineering services to the marine community locally, nationally, and overseas. Established in 1958, the company is employee-owned, and committed to the professional growth of our associates. We work in teams, we do cool projects, and we enjoy a stimulating, fast-paced, and collegial environment.

Education (required)

- Bachelor's degree in marine engineering; or,
- Bachelor's degree in electrical or mechanical engineering with equivalent technical marine experience.
- Engineer-in-Training certification is preferred.

Required Skills and Experience

- General knowledge and interest in marine engineering and the maritime industry.
- Specific technical knowledge of fluid mechanics, thermodynamics, power train principles.
- General knowledge of shipboard systems.
- General knowledge of electrical power and control systems.
- Excellent communication skills in verbal, written, and graphic formats.
- Proficiency in AutoCAD, Rhino, or equivalent CAD program
- Engineer-in-Training certification is preferred

Glosten offers a comprehensive benefits package including medical/dental coverage, paid time off, tuition reimbursement, bonus and profit sharing plans, and a 401(k) plan.

Some travel and fieldwork are required. Some project assignments may require a valid driver's license, current passport, and/or TWIC card.

Due to project restrictions, Glosten will only consider applicants with unrestricted access to work in the United States or those eligible for TN visas.

Interested applicants should submit their **cover letter, resume, and transcripts** (both official and unofficial will be accepted) to our [applicant center](#) for review.

Please visit our website (www.glosten.com) to learn more about our company, our projects and clients, and what is happening at Glosten.

Glosten is proud to provide equal employment opportunity to all employees and applicants for employment. In order to provide equal employment and advancement opportunities to all individuals, employment decisions will be based on merit, qualifications, and abilities. Glosten does not discriminate in employment opportunities or practices on the basis of race, color, sex, age, religion, national origin, handicap, disability, sexual orientation, or veteran status in accordance with applicable state and federal laws.

We encourage women, minorities, veterans, disabled veterans, and the disabled to apply for this position.
