

Zurn Yacht Design is seeking a full time Design Engineer for full-service design firm in the Boston area. Responsibilities include all aspects of yacht design and engineering, from rudimentary 2-d yacht joinery plans to intricate construction details, for power and sail, recreational and small commercial vessels. Field trips to various yards around the world may be included.

Preference will be given to candidates with the following credentials:

- Naval Architect degree
- Five years' experience in the pleasure boat market
- Proficient in AutoCAD, Rhino, and Microsoft Office
- Working knowledge of quality yacht joinery and systems layout
- Be able to solve engineering challenges on their own in a timely fashion
- The ability to handle several tasks at a given time

Zurn Yacht Design has been a valuable resource for aesthetically pleasing yachts; bringing timeless designs to discriminating clientele in sail, and power. With over 450 power and sailboats launched in the last 20+ years it's difficult not to recognize a Zurn Design as she passes in the water.

The office is located on historic Marblehead Harbor and is a quick drive or bus ride to Boston, or north to all that New Hampshire and Maine have to offer.

If you are interesting in joining a small, cutting edge firm, please email a cover letter and resume to: [jobs@zurnyachts.com](mailto:jobs@zurnyachts.com)
